Teenage Cancer Trust

Friday 10th February, the Club will be hosting a Charity event for Teenage Cancer Trust. In memory of Leisel Mackay a very brave and special young lady who lost the fight on 12th March 2010 aged just 23 years.

SUPPORT

Naturally we hope that the night is a huge success and follows that from last year's tremendous efforts. As usual our own Members and Guests are generous to the core in supporting all our charity events.

The Charity Girls again have been working extremely hard preparing in the hope that the night achieves success. They've also tried changing the format in collecting. Instead asking outside the Club environment, the Girls simply didn't want to push the generosity boundaries. So please don't feel we've left you out. You'll still be able to participate with raffles etc on the night.

February £1.30 per pint

£1.30 per pint, whole of February. As the Club celebrates its 130th Birthday the occasion is marked by the price of the beer. Its not everyday you reach 130. Certainly not something we'll be planning on doing in the near future.

BREWERY BACKUP

OK, the club has made a totally generous offer to everyone. Its

been with the help of everyone to have even made it possible. The Committee have been working on the project for nearly a year. Giving heads-up to all our suppliers on what we'd be planning. Naturally our huge buying power has helped pull in some pretty big favors. With these onboard the Club doesn't stand to loose out too much. Let's just say the bases have been covered.

Charitable Staff

A Certificate of Thanks has been presented to the Club for raising £150. Bar Staff I think played a huge contribution in generating most of the figure. Thanks to their incisional appetite for sweets! There still could be some left, but, you'd have to be quick. In aid of...
