Just for you

The Brewery from Masham continues its support to the Club with a price freeze on our Real Ale. Initially a trial period its being fixed since its launch well over a year ago.

If you've not already given it a try, please ask at the Bar. Staff will happy to give you a sample.

We've tried a few real ales but found this is by far our best selling. If you have a real ale favourite let us know, we might even give it a try.

Fresh new drink for Summer

Somersby Cider is Carlsberg's biggest selling cider and was the fastest growing cider in the world for 2012.

With such a massive marketing push we thought we'd offer this fresh crisp drink to our

Members and Guests. We were also conscious of pricing the drink correctly before agreeing to having on our Bar.

A pint will cost you £1.70 and even cheaper if you have a loyalty card. Naturally we're keen to see it perform which is why we've introduced this for the summer months. So, lets see how you like it!

We'd appreciate your comments and feedback which we'll use to decide if it stays on for the winter!

Following our support last May, we've continued the link and given permission for the Sisters to do a bucket collection one Sunday afternoon in June. *Little Sisters of the Poor*

Apologies for late Newsletter, I know many of you have been asking. With recent elections it was unsure who would be the new Secretary and Editor!

Courtney Jade Marshall leaves the team to seek out new ventures at Hanging Heaton. After working at The Nash, she'll be able to work anywhere!! Thank you and All the Best.
