Lounge receives a fresh make-over

Simon Tingle Decorator's yet again transfer their skills onto the lounge. Giving it a much needed fresh look. A Colour Consultant was drafted in to recommend a colour scheme, free of charge! Although many visitors and guests are always impressed with how the entire club is kept and maintained. But after 8 years we felt it well deserved for the lounge to receive a make over. The room receives a lot of hammer, especially at weekends. Thanks

to the many positive comments already received.

MORE PLANS DRAWN

The Committee have requested further drawings and plans from the architect. This request will incorporate the possibility of having a full sized large function room. Something previous Committee's had thought about before. We now feel that this is perhaps the right time to extending and

seizing on the multiple opportunities that flow in our direction.

As mentioned in previous bulletins the project is still a feasibility exercise and nothing further has been approved. The Committee as always will be transparent to its members on all matters concerning the Club.

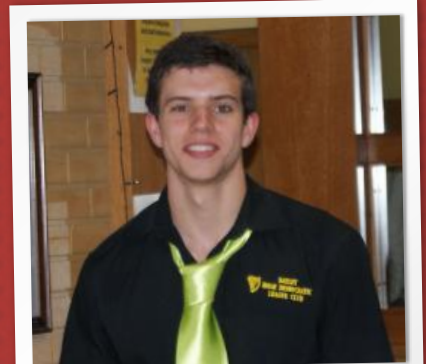

More updates will be published as they become available. As always your initial comments on the idea as most welcome.

Armed Forces Day is supported once again at Batley Irish Democratic League Club

The Flag was flying in support of the countries Armed Forces Day, something we've done right from the very start. Its just a shame there isn't more recognition around the town. At least

we can say, 'we did our bit'. Collection bucket for donation was left on the bar. Final figure will be published later, funds are still coming in. Thanks again for your support.

TWO NICE DRINKS FOR SUMMER, BUT WHICH COUNTRIES DO THEY ORIGINATE?

Desperados is a tequila flavoured beer which is very popular all over Europe. FACT. Desperados is not Mexican as many people think but is produced by Brasserie Fischer in France.

fruity-lemony flavour and a soft quenching dry finish. Naturally both are best served chilled. For some reason most people prefer a slice of fresh lime put into the neck of the beer.

Sol is Mexican. You'd think it would be Desperados, with its tequila base. But no, its French. Sol is a fresh malty,

Without a doubt, a superbly executed day. Comments and feedback from punters was exceptional and favourable. Everyone just enjoyed and soaked up the atmosphere. This has been the second year the 'Ladies' have organised the event. It has to have been the best of the two. But fingers crossed they'll be another one, next year.

Different style of entertainment went down with laughter, singing and dancing. I think at one point all the ladies we're on their feet. Top class performance from Miss Sugar, sure we'd have her back again. The champagne flowed freely until eventually it ran out. But everyone enjoyed a good share of the bubbly. For those cheeky ladies who asked for more, they got some!

Gourmet Buffet provided by Sheila Foley didn't disappoint either. With lashings of everything and enough food to feed 200, never mind 100 catered for. Everyone again enjoyed the food. Drinking was never a problem, thanks to our newly appointed bar waiters. George, Matthew and Lewis proved so popular in their new role, all receiving good tips. I think Matthew even had one or two propositions!

All in all an excellent day. Comments and suggestions completed on the day will be read, digested and if needed implemented. Thanks again for joining us. Hope to see you all next year. Thank you.
